

# Megan Holcomb

- Aug. 1-current: Director of User Services, Climate Action Systems
- 2022: Founder, The Climate Cooperative
- 2016-2022: Program Manager, Water Supply Planning, CWCB
  
- Importance of FEW Nexus for Organization –
  - In arid/semi-arid water resource management, adaptation solutions always have and always will live in the FEW nexus.
  - Current project = how can we lower barrier to climate action?
